Bearcats Finish Second in MIAA Basketball Race

Beating the Kirksville Bulldogs Friday night by a score of 30 to 26, the Maryville Bearcats clinched second place in the MIAA conference basketball race. This was the final game for the Bearcats and left them with a conference record of 8 wins and 2 losses.

Fighting for their first MIAA victory, the Bulldogs were worthy opponents on their own floor. Coach Stalcup started his five seniors but the combination proved ineffective and Kirksville soon held a commanding lead of 10 to 1. After a few substitutions the Maryville team began to click and gathered 10 points while holding Kirksville scoreless to lead at the half, 11 to 10.

Maryville started the second half with a rush and soon held a commanding lead, but a Kirksville rally in the waning moments reduced the Maryville lead to a 4 point margin. Free throws played an important part in the Bearcat victory as the Bulldogs outscored them from the field, 9 baskets to 7. The Bearcat advantage in charity tosses was 16 to 8. Both sides committed 12 fouls.

Troester was Kirksville's defensive star and also led the Bulldogs offense with six points. Brown and Sipes, with 9 and 7 points respectively, led the Maryville attack. Hicks looked good on the Bearcat defense.

This game finished the college basketball careers of five Bearcats, with Neil, Meredith, Wright, Green, and Brown wearing a Bearcat uniform for the last time. This department wishes them unbounded success in their future undertakings.

While Maryville kept Kirksville in the cellar, Warrensburg remained out in front by defeating Springfield 51 to 27. The Bears held a 20 to 17 lead at the half, but could not withstand the Mule attack in the final period. Warrensburg clinched the MIAA title Monday night by trouncing Cape Girardeau 30 to 18.

Pi Omega Meeting

Pi Omega Pi, honorary com-

merce fraternity, held a business meeting on Wednesday afternoon, at 4:00 o'clock in Recreation Hall. The chairman of the meeting was Martha May Holmes, President of the organization. Plans for the spring banquet were discussed and other business matters taken care of. Paul Strohm was appointed as reporter for the organization.

Bearcats Have A Successful Basketball Year

Scoring 548 times while their opponents were hitting the hoop for 418 counters, and winning 13 games out of 17 attempts for an excellent average, the Maryville Bearcats enjoyed a successful basketball season during 1936-37.

Playing teams who deservedly enjoy national reputations, the Bearcats dropped only four games on their tough schedule, and each of these to a present or former champion.

After stopping Peru, Nebraska and Pittsburg, Kan., on the local floor, the Bearcats lost a six point decision to Pittsburg in a game that took an overtime period to settle the dispute. Pittsburg is co-

Senior Day to Be Observed April 5

High School Senior Day will be held at the College for the third time, April 5. The public relations committee, headed by Dr. O. Myking Mehus, is in charge of arrangements. The committee members are Miss Katherine Helwig, Mr. A. H. Cooper, Miss Elizabeth White, Mr. Leslie Somerville, Miss Margaret Stephenson, Dr. Henry Alexander, Mr. Roy Ferguson, and Dr. Anthony.

Last year, more than 1,200 seniors from sixty high schools in Northwest Missouri and Southern Iowa were guests of the College.

The committee is planning to entertain at least 1,500 seniors this year. Visiting students will see the college at work. They will visit classes, see science demonstrations, swimming exhibitions, and other activities.

There will be an assembly in the morning. President Lamkin and Dean Miller will give short talks. A luncheon will be served for the visitors at noon.

Sextette to Play

The Freshman Girl's Sextette will present several special numbers at 2:45 o'clock Tuesday afternoon, in Social Hall, for the Laymen's Teaching Mission, which is sponsored by the Nodaway County Sunday School Council of Religious Education and the YMCA of the Teachers College.

To Give Supper

Residence Hall will entertain with a supper Sunday night. The following committee members will be in charge: Mary Ellen Williams, Qutiman; Ruth Henning, Mound City; Wilberta Means, Fairfax; Virginia Millikan, Corning, Ia.; and Mildred Umbarger, Fairfax.

College Host to County Laymen Mission Tuesday

Religious leaders from the various sections of Nodaway County and St. Joseph will converge upon the College for the Laymen's Teaching Mission here, Tuesday.

Pastors and laymen from St. Joseph and Maryville will conduct the program which is sponsored by the College YMCA, and the Nodaway County Sunday School Council of Religious Education.

This meeting is one of four to be held throughout the state during the second week in March in connection with the Church Facing Outward movement in Missouri. It is a part of the Missouri Sunday School Council's program of giving moral and religious training to youth and of fighting crime.

Parent-Teacher Associations, 4-H Clubs, Boy Scouts, the YMCA and the public schools from throughout the state are working in conjunction with the council.

Afternoon program, Presiding: O. Myking Mehus, social science department, S. T. C.—1:30 Worship, Alex Sawyers, president College Y. M. C. A.; 1:50 Address, "The Church Facing Outward", Rev. E. L. College Dance Band Will Go to Europe

Having played sweet music for the college dancers for the past two years, the College Swing band, or five members of it, will branch out this summer and take a trip to Europe aboard the Champlain, a steamship belonging to the French Lines.

Mr. Clare Wigell announced today that Allen Bing, Henry Swift, Ed. Russell, Robert Paul and George Nixon will play in the or-

chestra on board the Champlain on its trip to and from France.

For the past two years these five boys have been members of the college dance band and have proved their ability as musicians.

The trip will start after the close of summer school and the boys will return before the opening of the fall quarter next year.

They will sail from New York on August 14, and leave Havre, France on the return trip August 24.

Track Now to Occupy S.T.C. Sport Spotlight

With the opening of the spring quarter, athletic thoughts have turned track, with forty men taking daily workouts under the direction of Coach William Stalcup.

Included in this group are 11 lettermen of former years. They are: Vernon Green, who competes in the hurdle and high jump events; Chandis Wilson, mile and two mile; Wallace Hicks, discus; William McMullin, mile; Lawrence Knepper, high jump; Donald Sipes, shot put; Roy Brown, quarter; Paul Scott, dashes, and Herschel Neil, dashes, high jump, and broad jump.

Members of last year's squad who did not letter are: John Tabor, half-mile; Harold Penwell, mile; Avon Reeves, half-mile; and Harry Irvine, weights.

Newcomers who have good high school records are: Andrew Zemles, weights; Frank Baker, quarter; Norman Reital, hurdles; Walter Moore, dashes; Bernard McLaughlin, hurdles; and Frank Yourek, high jump.

The college is without the services of a pole-vaulter of known qualities. Unless some new man shows talent in this event it may be dropped from the track activities for this year.

Twenty-five men answered the call of Coach Davis for spring football practice. It is hoped that much material for next fall's campaign may be found in these candidates.

Varsity tennis finds 10 men out for a chance to win their college letter.

Albert Einstein Defines Education

"The school should always have as its aim that the young man leave it as a harmonious personality, not as a specialist. This, in my opinion, is true in a certain sense even for technical schools, whose students will devote themselves to a quite definite profession. The development of a general ability for independent thinking and judgment should always be placed foremost, not the acquisition of special knowledge. If a person masters the fundamentals of his subject and has learned to think and work independently, he will surely find his way and besides will better be able to adapt himself to progress and changes than the person whose training principally consists in the acquiring of detailed knowledge."

A recent address at the Seventy-Second Convocation of the University of the State of New York.

Full Program Scheduled for Spring Quarter

Now that the questions of "What didya make?" and "What-ya gonna take?" have been fairly definitely settled, S. T. C. students this week come to the big question "What is in store for this spring?"

Naturally the biggest and first event of the spring quarter will be the Scoop Dance tonight—the announcement of the Tower Queens.

Following close behind the Scoop Dance will be the M Club Banquet, then the Junior Senior Prom—of course freshmen and sophomores will be left out at the Prom.

But here are some of the things to look forward to, and naturally the first on the list should come Easter Vacation, then the Senior Play, the Music Festival, and the prominent speakers, Dr. Paul Dengler, Dr. Marie Bentinoglio and Dr. Chas. A. Lee.

It is certain that M. S. T. C. will have a lot of visitors this spring with the Elementary Education Conference topping the list, bringing educators from all over the nation; Senior High School Day should bring some 1,500 or more high school seniors from all over Northwest Missouri to the school. The High School Contests always bring a great number of students from high schools over this district here to compete in the different parts of the contests, music, scholastic work, dramatics, speech, agriculture, track, volleyball, baseball, tennis, etc.

The Midwest International Relation Club conference will bring representatives from colleges all over the middlewest.

Of course there are several other things that will happen that haven't been mentioned, such as the track meets later in the spring, the Major entertainment, the Heidelberg Singers, and a wealth of dances and parties that haven't been definitely settled as yet. Then there is the day of days, Mothers Day on the Campus.

For the seniors the most looked for time is graduation and with graduation comes, baccalaureate and commencement, not to say anything of the senior breakfast, president's reception and the alumni banquet. Then school will be out—but it's a long time until that time.

Dr. Blanche H. Dow Is Honored at Tea

The St. Louis College Club, a branch of the American Association of University Women, gave a tea in honor Dr. Esther Brunauer, national secretary of international relations division of A. A. U. W. Sunday in St. Louis.

Dr. Blanche Dow, chairman of the department of foreign language at the College was the other honor guest. Dr. Dow is the sectional representative of the A. A. U. W. The section which she represents includes Missouri, Kansas, Oklahoma, Texas, and Arkansas. Miss Dow is also on the National Committee on International Relations of A. A. U. W.

YOUTH'S HERITAGE

A student facing the world today has a rather ugly panorama as his view. He sees repression of thought while he is taught the nobility of the mind. He observes nations in subjection while he is told of splendid internationalism. He reads in the newspapers that people are killing one another because their skin happens to contain a different pigment, or because they are Slavic instead of Nordic, whatever that may be, or because they merely have different ideas about how a man should live than those in power.

What a heritage for past generations to leave their sons.

Students are taught in school of the barbarism of the Aryan tribes which centuries ago invaded the Danube valley. Tacitus, the early Roman historian, describes them, and contemporary historians teach that they were monsters. Today, Hitler tells German youth that these blond giants should be imitated as heroic; Their "comitatus," the grouping of young men about a leader, their loyalty, should be youth's highest ideal. Youth should follow.

What a lesson for fathers to provide their sons.

Youth reads in the bible that Christ was a Jew, that He was born to this despised people because God is the God of ALL people. Yet the young men and women of the world were told by the Associated Press Sunday that the Jew, harried by persecution and intolerance, has no place in the entire world to go. There is no country which can say to these people, "You are human beings. You, since you are living beings also, have the right to life and the pursuit of happiness."

What a commentary on modern civilization. Surely few generations have had a greater challenge for the improvement of the world than youth today.

BETTER CHANCE FOR JOBS

Robert F. Moore, secretary of appointments at Columbia University, says that prospects for jobs in business and industry for college graduates will be better next June than at any time since the boom years of the late 1920's.

In *The New Republic Magazine* for June, 1936, may be found the statement that "today, the percentage of those who are able to get some sort of work within a reasonable length of time after graduation is very nearly back to the normal of the 1920's."

Dr. R. N. Miller, head of the Economics department at the college of Emporia, Kansas, asserts that chances for the college senior to get a job are twenty per cent better this year than last.

Placement Bureau heads have been quoted recently as voicing the opinion that there will be a large "turn-over" in the teaching field in September. Dr. Hans Olsen believes that rains this spring will determine largely the extent of this replacement. For those to whom the explanation is not obvious—engaged school marms will consider the rains sufficient financial security to make marrying their patient swains practicable.

Seniors watch for these opinions. They are sedatives for worried minds ceaselessly wondering

"what will I be doing next year?"

On the other hand, we are assured that mediocre preparation is but feeble insurance for losing them. We do well to ponder over the qualities we possess which make us worthy of teaching positions. Are we sure that we have these qualities? Have we self confidence? And are we justified in our confidence?

Horace Mann once recorded the qualifications of a good teacher in this manner: "A young man or young woman whose education is sound; whose language is well selected; whose pronunciation and tones of voice are correct and attractive; whose manners are gentle and refined; all of whose topics of conversation are elevating and instructive; whose benignity of heart is constantly manifested in acts of civility, courtesy, and kindness; and who spreads a nameless charm over whatever circle may be entered. Such a person should the teacher of every common school be."

Knowing these to be the qualifications of teachers we ask ourselves if we are qualified. We rejoice that there is yet time to remedy our deficiencies if they be not too great.

We are eager to prove to Nebraska taxpayers that we are capable of being such teachers as Horace Mann believed requisite to every school.

FREEDOM TO CHOOSE

A college education is, supposedly, the foundation for a man's life. In college, he is preparing himself for a life of hard work, with the theories of how best to meet and successfully acquit this job of earning a living. By the time a man has reached his second or third year of college, he should have some idea of the work to which he intends to devote his life. He should have a distinct knowledge of what curriculum will best suit him. This, of course, is not always true, and thus the necessity for the supervision and careful direction of wiser heads. The professors at college should endeavor to discover what the student's intended vocation is, and direct and counsel him accordingly.

Thus for the man who is undecided. As for the student who has a definite aim in mind, the counselors should not advise either blindly or arbitrarily. Investigation should be the first thought: whether the vocation already decided upon is practical and possible. These two contingencies settled, the curriculum should then be set. For a professor or official of the school dictatorially and personally to take it upon himself to regulate the student's part, and an unwise and hindering action on the part of the older man, who is there for the purpose of directing his charges to the best of his ability.

—ROCKHURST SENTINEL

THE FINAL QUARTER

With the starting of each new quarter come the worries of new courses and more work. The seniors are enrolling in S. T. C. for the last time, and each is hoping that his college education will end with the closing of the quarter.

For four years these seniors have looked forward to graduation and receiving a degree from school. Now that this longed-for event is at hand, there is no doubt just a little sorrow at the thought of leaving.

After college what? That question is to be faced by thousands of graduates over the United States. Each has his or her ideas of what he will be doing next year.

Of course, students graduating from a teachers college, such as ours, will be thinking of teaching in the public schools of this and surrounding states. Are the seniors fully prepared for the job?

During the last four years, an able faculty has given us its best. The same mentors have sent thousands of graduates out into successful teaching careers. We will do well to wonder as we are taking full advantage of S. T. C. facilities.

SPORT BRIEFS

By GLENN ROUSE

Henry Iba, former Bearcat coach, is back at his old habit of winning championships. His Oklahoma A. & M. Cowboys captured the Missouri Valley Conference basketball title with a record of ten victories and one defeat.

Tad Reid, whose Warrensburg Mules finally captured the MIAA basketball championship, is one of the five men under consideration as a successor to Dr. F. C. (Phog) Allen in the capacity of Athletic Director at Kansas University.

All who saw the picture (One in a Million) can appreciate the treat afforded Kansas City skating enthusiasts when Sonja Henie made a personal appearance on the Plamor Rink in that city last weekend.

Missouri University will play the University of California of Los Angeles in a football game at Los Angeles November 27. The possibility of getting to make such a trip will be an added incentive for the men who will be trying to rate MU's varsity squad this fall. The game was the tenth on Missouri's schedule and could be arranged only with special permission of Big Six Conference.

You football fans who identify the players by their numbers will find it easier next fall. A new ruling calls for numbers on both the back and the front of jerseys worn by the players. However, the jerseys worn by the Bearcats for past two seasons have complied with this new ruling.

Car Troester, a senior, and Louis Miller, a junior, were elected co-captains of the 1937 Kirksville Bulldog basketball team. Miller, an outstanding back, is captain-elect of next fall's Bulldog football team.

The Pittsburgh, Kansas Gorillas and our own Bearcats ended all even in an early season exchange of games, the Bearcats winning by two points on the home court and the Gorillas taking an overtime thriller on the Kansas court. The Gorillas then went ahead to tie for the Kansas C.I.C. basketball title while the Bearcats were finishing a close second to Warrensburg in the M. I. A. A. This comparison indicates that there is very little difference in the caliber of the basketball played by the Teachers College of the two states.

"In my new picture 'Swing High, Swing Low' I sing a song for the first time since I have been on the screen. To do this, I spent months taking singing lessons. Bearcats Successful Basketball Season

(Continued from page 1)
champion of the fast Kansas Central conference for this year.

With Rockhurst and Kirksville added to their list of victims, the local boys probably played their best game of the year to defeat the famous Denver Safeway, former Denver Pigs, team of the AAU.

Undergoing a lapse in form, the Bearcats next game found a fighting group from Cape Girardeau overcoming the height advantage of the Bearcats to win a two point decision. This game proved costly, as it kept Maryville out of a tie for the conference title. The Indians were last year's champs in the MIAA.

Springfield was downed in a conference tilt and Maryville lost a one point decision to the Santa Fe Trails, who were national champions two years ago.

Rolla was trounced twice, revenge was received at Cape Girardeau, and the Warrensburg Mules were handed their only conference loss of the season before the Bearcats met their last defeat. This was at the hands of Warrensburg, on the Mules' court.

The Green and White boys ended the season by beating Springfield, Rockhurst, and Kirksville.

The season's record:

M Club to Give Banquet Mar. 12

The M Club of the College will hold a banquet March 12 for the first time in its history.

According to the plans it promises to be one of the outstanding events of the year for the college. All "M" Club members in school are admitted free; however, there will be a 75c charge to all alumni members.

Alumni members are urged to be present and should send their reservations to Chandis Wilson not later than March 8.

The banquet is to be served by the ladies of the M. E. Church South. There will be a program, with several speakers to be announced later.

Tower Queens Announced At Dance Tonight

The Tower beauty queens will be presented tonight at the "Scoop Dance" sponsored by the Northwest Missourian. They were chosen by Eddie Dutchen of dance band fame.

Once again the Missourian has "scooped" the selection of the leading ladies of the College. A special extra edition, in the form of a dance program, will carry the complete story. Members of the Tower staff are aiding the College journalists in presenting the feature of tonight's edition.

Miller Weeda, editor of the year book, will introduce the queens just before intermission. Nominees for the College beauty honors were: Mary Ann Hamilton, and Mary Shoemaker, seniors; Mary Powell and Glenna Smith, juniors; Elizabeth Turner and Lois McCartney, sophomores; Mable Bradley and Norma Jean Rippley, freshmen.

Justin O. King, editor of the Northwest Missourian, will award prizes to outstanding persons on the campus. The dumbest man, the girl with the best line, the hardest professor, the girl who landed her man most effectively, the most persistent gold-digger, the laziest man, the best apple-polisher, and

the fastest man will be honored.

The college orchestra will furnish the music for the dance.

Justin O. King has had charge of arrangements, and Walter Wade has assisted him. The decoration committee is composed of Mary Ann Hamilton and Eula Bowen, Eldon Thompson, Miller Weeda, Justin King and Mary Ann Bovard are in charge of publicity. Mary Ann Bovard and Ethel Hester took charge of the invitations.

Chaperones for the dance are: Mr. and Mrs. R. E. Baldwin and Mr. and Mrs. T. A. Gauldin, and their guests.

The honor guests at the dance will be: Mr. Jack Stapleton of Stanberry, president of the Board of Regents, and Mrs. Stapleton; Mr. and Mrs. M. W. Stauffer; Mr. and Mrs. J. F. Hull; Miss Margaret Stephenson; Mr. and Mrs. Wilbur Stalcup; Mr. and Mrs. R. T. Wright; Mr. Sterling Surrey and Miss Mercedes Duncan. Other guests who have been invited are Mr. and Mrs. J. N. Saylor, Dean and Mrs. J. C. Miller, and Pres. and Mrs. Uel W. Lamkin.

Tickets for the "Scoop Dance" cost fifty cents each. They may be secured from members of the Northwest Missourian staff or bought at the door.

To Lecture Here

Rev Father Patrick Cummins.

at Conception Abbey, will speak dean of the seminary department on "Dante and the Divine Comedy" in Residence Hall of the Teachers College Sunday afternoon at 4 o'clock.

The lecture was originally scheduled for February 21 but was postponed because of the conditions of the roads.

LETTER IS RECEIVED FROM M. W. WILSON

Pres. Uel W. Lamkin is in receipt of a letter from Mr. M. W. Wilson, a member of the college faculty, who is now at Chicago University studying.

Mr. Wilson reports his work is coming along in good shape. He has been wondering how the Bearcats came out in the conference basketball race.

Mr. Wilson is head of the Chemistry department of the College, and is on a year's leave to study.

Humming right along

All over the country, you hear more people mention the refreshing mildness and the pleasing taste and aroma of Chesterfield cigarettes.

You hear somebody compliment Chesterfields at a party. Another time, the grocer tells you it's a darn good cigarette. Or you see a group of men on a street corner, most of 'em smoking Chesterfields.

Because they have what smokers like, Chesterfields are humming right along..

They Satisfy
